Romsey Road Runners – Google Group

The Romsey Road Runners' Google Group has been set up to allow us to communicate via email. It is open to all members of Romsey Road Runners but not to others. In order to join the Romsey Road Runners' Google Group you must either be invited to join or you must apply for membership and be accepted. In either case it is best to have a Google account before joining.

The Google Group can be used for
- a weekly reminder of the club's activities
- requests for and offers of lifts to races
- race results
- notifications of social events
- other short term messages
- electronic distribution of the club magazine
- photographs of running events
- any announcements that are made at club night
- any other material that is not useful on the public website

The Google Group is particularly useful if you are unable to come to the club since you will still get emails telling you what is going on. Please be considerate when adding anything. Inappropriate material will be removed and the perpetrator banned from the group.
